Madam President

Sandy Ruthruff

Dear North Mason Eagles #4226 Family,

I will always remember the first day I walked through the doors of our club.

I was greeted with a smile and a handshake by a Trustee named Gary Tucker. He sat down with us and told us about the club, its members, and what made it special. He made one thing very clear:

This wasn't just a bar. It was a social club—a place to meet people, build friendships, and make memories that could last a lifetime.

As Gary talked, you could see how much this club meant to him. It wasn't simply a place he belonged to; it was a place he cared about.

We joined that night.

Looking back, I realize just how right Gary was.

Over the years, this club has brought so many wonderful people into my life. Some became life-long friends. We've celebrated birthdays and anniversaries, laughed together, supported one another through difficult times, and turned ordinary nights into memories we'll never forget.

That is what makes this place special. It is the people.

It's the friend who saves you a seat. The familiar face behind the bar. The person who notices when you haven't been around. It's the laughter across the room and the stories we've heard a hundred times but still laugh about.

For many of us, this club is a safe place—somewhere we can leave the worries of the outside world behind and simply be ourselves. A place where people know our name and where we know we belong.

That's why the future of our club matters.

When we talk about the building addition, we're not simply talking about more space. We're creating room for the future—room for new members, new families, new friendships, and new memories.

These walls have witnessed generations of Eagles celebrating, grieving, laughing, and growing together. They carry the memories of those who came before us, and now it is our turn to protect what they helped build.

Someday, another Eagle will walk through these doors for the first time. I hope they are greeted

(Continued on page 3)

with the same warmth and friendship that Gary Tucker showed us that night. I hope they discover what so many of us have found—a place where they belong.

We are honoring those who came before us, building for those here today, and creating a future for the Eagles yet to come.

Because we aren't just preserving a building.

We are preserving a place to belong.

We are preserving our legacy.

We are building our future together.

Fraternally, Sandy
